

The University of Manitoba  
College of Pharmacy  
Assistant/Associate Professor, Tenure-Track Appointment  
Position #28695

---

The College of Pharmacy, Rady Faculty of Health Sciences, University of Manitoba, Canada invites applications for a tenure-track position at the rank of Assistant/Associate Professor, in the area of Pharmacogenomics.

Applications are encouraged from researchers who have a focus within the broad area of pharmacogenomics including: population-level researchers, pharmacogeneticists, translational researchers, health services researchers, and laboratory scientists with a focus on pharmacogenomics.

Applicants must possess a Ph.D., preferably with post-doctoral training, OR a professional degree in the Health Sciences (i.e. post-baccalaureate PharmD or MD) with fellowship training, or otherwise demonstrate a track record of research experience. The successful candidate will be expected to develop and maintain an independent externally-funded research program, (e.g., through Canadian Tri-Council Agencies). The successful candidate will be expected to teach in the undergraduate and graduate programs, and to provide service to the College of Pharmacy and the Rady Faculty of Health Sciences. Salary and rank will be commensurate with qualifications and experience.

The College of Pharmacy is located in a state-of-the-art 90 000 sq. feet Apotex Centre on the Bannatyne Campus at the University of Manitoba. The Manitoba Centre for Health Policy (MCHP), in the Max Rady College of Medicine, provides access to a world-class population-based research unit, with a rich data repository, that includes person-level health, pharmaceutical and social services data of the entire population of Manitoba. The MCHP is a site of the Canadian Network for Observational Drug Effect Studies (CNODES) to which members of the College of Pharmacy maintain formal affiliation and close collaboration. The Vaccine and Drug Evaluation Centre, part of the Department of Community Health Sciences, is housed in the Apotex Centre and offers unique research opportunities. There are significant opportunities for collaboration within Pharmacy and other Health Science Colleges, as well as with the Max Rady College of Medicine, where genomics has been identified as a strategic area of emerging excellence. For more information visit the website of the College of Pharmacy and Rady Faculty of Health Sciences at <http://umanitoba.ca/healthsciences/>.

The College of Pharmacy has a long history of excellence in pharmacy education and research. It is a part of the Rady Faculty of Health Sciences at the University of Manitoba, situated on a dynamic campus that provides opportunities for interprofessional collaboration. All three pillars of the University of Manitoba, excellence in teaching, research and service, are the focus of academic activities.

The campus has excellent library facilities for the health sciences, and is proximally adjacent to several tertiary teaching hospitals of the Winnipeg Region Health Authority (WRHA), one of the largest and most diverse health regions in Canada, serving the city of Winnipeg and the rural

municipalities. WRHA also supports many Institutes and Research Centres, working closely with the University of Manitoba.

Winnipeg is the largest city in the Province of Manitoba and one of the most culturally diverse cities anywhere. More than 100 languages are represented, and Winnipeg is well known for its cultural achievements and flourishing arts scene. The city is home to the Royal Winnipeg Ballet, symphony, opera, theatre, and ethnic festivals. Besides supporting professional hockey, football, and baseball teams, the region provides ample opportunities for outdoor recreation in all seasons. The Winnipeg housing market is one of the most favorable in Canada. To learn more about Winnipeg visit <http://www.tourismwinnipeg.com/>.

The University of Manitoba is strongly committed to equity and diversity within its community and especially welcomes applications from women, racialized persons, Indigenous peoples, persons with disabilities, persons of all sexual orientations and genders, and others who may contribute to the further diversification of ideas. All qualified candidates are encouraged to apply; however Canadian citizens and permanent residents will be given priority. If you require accommodation supports during the recruitment process, please contact [UM.Accommodation@umanitoba.ca](mailto:UM.Accommodation@umanitoba.ca) or 204-474-7195. Please note this contact information is for accommodation reasons only.

Applications will be reviewed starting April 12, 2021 and will continue until the position is filled. Expected start date of appointment is July 1, 2021 but is negotiable.

Applicants can apply in writing or by email by sending a letter of interest (referencing position number 28695), curriculum vitae, brief teaching philosophy, 1-2 page research plan, and the names and contact information of three references to the address below. Please note that only complete applications will be considered.
